

## **SUMMER STUDENT – GEOLOGICAL SCIENCES**

**Crew Energy Inc.** is pleased to announce a summer employment opportunity for a Student pursuing an undergraduate degree in Geology or Geophysics. This is an exciting opportunity to be part of a dynamic team actively engaged in developing a world class hydrocarbon resource in Western Canada. The position is in our Calgary office and will involve collaboration with members of Crew's technical and operational teams including the Geosciences, Engineering, and Drilling and Completions. The successful candidate will report to the VP of Geoscience and will be mentored by the Geoscience team members.

### **Knowledge, Skills and Abilities Required**

- Working towards an undergraduate degree in Geology or Geophysics
- Excellent computer skills, including proficiency in Microsoft Office applications
- Highly organized, strong analytical skills, and attention to detail
- Enthusiastic, with excellent interpersonal and communication skills
- Motivated and capable of working independently with minimal supervision
- Inquisitive nature, quick to learn and apply knowledge
- Collaborative mindset and enjoys contributing to team goals

Cover letters and resumes can be submitted via email to: [crew.careers@crewenergy.com](mailto:crew.careers@crewenergy.com)
